HOW TO CITE RULES AND RSMO

RULES

The rules are codified in the *Code of State Regulations* in this system–

Title	CSR	Division	Chapter	Rule
3	<i>Code of</i>	10-	4	.115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

Code and Register on the Internet

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is sos.mo.gov/adrules/csr/csr

The *Register* address is sos.mo.gov/adrules/moreg/moreg

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) business days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title 8—DEPARTMENT OF LABOR AND
INDUSTRIAL RELATIONS
Division 10—Division of Employment Security
Chapter 3—Unemployment Insurance**

EMERGENCY RULE

8 CSR 10-3.160 Waiver of Recovery of Overpayments Under the Coronavirus Aid, Relief and Economic Security Act (CARES), as Amended

PURPOSE: This rule prescribes criteria for waiver of recovery of overpaid unemployment benefits under the CARES Act, as amended, that were not obtained through fraud. The intent of this emergency rule is to allow those individuals with non-fraud overpayments under the federal coronavirus relief programs to request a waiver of recovery of overpayments and to set forth the criteria under which those requests will be evaluated. Such waivers are authorized by the federal coronavirus relief programs. See, e.g., CARES Act, Sects. 2104(f), 2107(e); Continued Assistance for Unemployed Workers Act, Sect. 201.

EMERGENCY STATEMENT: This emergency rule implements a process whereby those claimants with non-fraud overpayments under the CARES Act, as amended, can request a waiver of recovery. There are some claimants in this situation due to some ambiguities in the federal coronavirus relief laws. The CARES Act, as amended, permits these waiver of recovery requests. There is a compelling governmen-

tal interest in relieving those eligible Missourians from these overpayments under the CARES Act, as amended, and in doing so as quickly as possible. A proposed rule, which covers the same material, is published in this issue of the Missouri Register.

The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Missouri Division of Employment Security believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed July 2, 2021, becomes effective July 19, 2021, and expires February 24, 2022.

(1) Any person who is overpaid unemployment benefits under the CARES Act, as amended, is liable for the amount overpaid unless, based upon an application to the division in a format prescribed by the division, the division determines that the claimant is entitled to a waiver of recovery of the overpayment, based on the following criteria:

(A) The overpayment was received without fault of the claimant, and

(B) The recovery of the overpayment would be against equity and good conscience.

(2) The application for waiver must be received by the division within thirty (30) calendar days after the mailing or other transmission to the individual of the notice of the overpayment, or of the notice of opportunity to apply for a waiver.

(3) Fault of the claimant.

(A) In determining fault, the division shall consider the nature and cause of the overpayment.

(B) A claimant who receives or retains benefits which he or she knew or reasonably should have known he or she was not lawfully entitled to receive is at fault.

(C) Fault shall include, but not be limited to, the following:

1. Fraud or misrepresentation regarding the claim (a representation of fact, in relation to the claim, that the claimant knew or should have known was false);

2. Failure to disclose (failing to disclose a fact, in connection with the claim, that the claimant knew or should have known was significant to the claim); and

3. Negligence (failing to exercise the care that a reasonable person of ordinary prudence would exercise in submitting the claim).

(D) What an individual should have known is determined from the perspective of a reasonable person of ordinary prudence in the same or similar circumstances. However, the division may consider an individual's age and physical or mental condition as mitigating factors against finding fault.

(4) Equity and good conscience.

(A) In determining whether repayment would be against equity and good conscience, the division will consider the totality of the circumstances to include, but not limited to:

1. Detrimental Reliance. Whether the individual acted in reliance on the overpayment and gave up a valuable right because of the overpayment or changed his or her position for the worse because of the overpayment.

A. An individual gives up a valuable right when he or she gives up a valuable privilege, claim, entitlement, or benefit having monetary worth because of the overpayment; or

B. An individual has changed his or her position for the worse when he or she, in reasonable reliance on the overpayment, decides to do something that he or she otherwise would not have done. To establish a change in position for the worse, the individual must demonstrate a change in actions or behavior, not simply that the overpayment had been spent.

2. Undue Hardship. Whether circumstances exist, including health problems or disability of the claimant or a family member, in which collection would deprive the individual or household of basic necessities.

(5) Waiver of recovery of indebtedness is an equitable remedy and, as such, must be based on an assessment of the facts involved in the individual case under consideration.

(6) The burden is on the individual to demonstrate that waiver of recovery is appropriate.

(7) The division shall notify the claimant of its decision on the waiver request in writing by mail or other transmission.

(8) The claimant may appeal the division's decision on the waiver request by filing an appeal with the Appeals Tribunal within thirty (30) calendar days after mailing or other transmission of the division's decision to the individual. The provisions of Sect. 288.200 and 288.210, RSMo apply to further appeals.

*AUTHORITY: sections 288.070 and 288.220.5, RSMo 2016, and section 288.040, RSMo Supp. 2020. Emergency rule filed July 2, 2021, effective July 19, 2021, expires Feb. 24, 2022. A proposed rule covering this same material is published in this issue of the **Missouri Register**.*

PUBLIC COST: This emergency rule will cost state agencies or political subdivisions one million seven hundred seventy-eight thousand two hundred fifty-two dollars (\$1,778,252) in the time the emergency is effective. Full federal reimbursement is expected.

PRIVATE COST: This emergency rule will not cost private entities more than five hundred dollars (\$500) in the time the emergency is effective.

Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 15—Hospital Program

EMERGENCY AMENDMENT

13 CSR 70-15.160 [Prospective] Outpatient Hospital Services Reimbursement Methodology. The MO HealthNet Division is adding a new section (5). The division is also amending to remove the Outpatient Surgical Procedures on a Fee Schedule, the last four pages prior to the authority.

PURPOSE: This emergency amendment changes the methodology for reimbursement of outpatient services provided by hospitals enrolled in the MO HealthNet program. Section (5) establishes an outpatient simplified fee schedule in place of the current prospective outpatient payment percentage.

PURPOSE: [This rule establishes a prospective outpatient reimbursement methodology for hospitals in place of the current retrospective reimbursement methodology. This rule establishes the methodology for setting a hospital's prospective outpatient payment percentage for hospital services effective July 1, 2002.] This rule establishes the payment methodology for outpatient hospital services.

*EMERGENCY STATEMENT: The Department of Social Services, MO HealthNet Division (MHD) finds that this emergency amendment is necessary to preserve a compelling governmental interest as it allows MHD to pay its hospital providers under a financially sustainable payment methodology that will prevent a budget shortfall for the Medicaid program. On June 30, 2021, Governor Parson signed SS SCS HCS HB 11, which appropriates funding for State Fiscal Year (SFY) 2022 for the MO HealthNet (Medicaid) program. The General Assembly did not appropriate enough funding to ensure that the MO HealthNet program will not have a budget shortfall, which is projected at \$52.7 million for SFY 2022. The cost savings from this emergency amendment will save between \$14 and \$35 million dollars for six months from the effective date of this emergency amendment. Based on the projected savings, this emergency amendment could prevent the MO HealthNet program from experiencing a major budget shortfall for this coming SFY. This emergency amendment is necessary to secure a sustainable Medicaid program in Missouri, and ensure that payments for outpatient services are in line with funds appropriated for that purpose. (See *Beverly Enterprises-Missouri Inc. v. Dep't of Soc. Servs., Div. of Med. Servs.*, 349 S.W.3d 337, 350 (Mo. Ct. App. 2008)) As a result, MHD finds a compelling governmental interest, which requires this emergency action. A proposed amendment, which covers the same material, was published in the June 1, 2021 issue of the *Missouri Register* (46 MoReg 937-943). This emergency amendment limits its scope to the circumstances creating the emergency and complies with the protections extended by the *Missouri and United States Constitutions*. The MHD believes this emergency amendment to be fair to all interested parties under the circumstances. The emergency amendment was filed July 6, 2021, becomes effective July 20, 2021, and expires February 24, 2022.*

(5) Outpatient Simplified Fee Schedule (OSFS) Payment Methodology

(A) Definitions. The following definitions will be used in administering section (5) of this rule:

1. Ambulatory Payment Classification (APC). Medicare's ambulatory payment classification assignment groups of Current Procedural Terminology (CPT) or Healthcare Common Procedures Coding System (HCPCS) codes. APCs classify and group clinically similar outpatient hospital services that can be expected to consume similar amounts of hospital resources. All services within an APC group have the same relative weight used

to calculate the payment rates.

2. APC conversion factor. The unadjusted national conversion factor calculated by Medicare effective January 1 of each year, as published with the Medicare OPPS Final Rule, and used to convert the APC relative weights into a dollar payment. The Medicare OPPS Final Rule is incorporated by reference and made a part of this rule as published by the Office of the Federal Register, 800 North Capitol St. NW, Suite 700, Washington, DC 20408, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, December 20, 2020. This rule does not incorporate any subsequent amendments or additions.

3. APC relative weight. The national relative weights calculated by Medicare for the Outpatient Prospective Payment System.

4. Current Procedural Terminology (CPT). A medical code set that is used to report medical, surgical, and diagnostic procedures and services to entities such as physicians, health insurance companies, and accreditation organizations.

5. Dental procedure codes. The procedure codes found in the Code on Dental Procedures and Nomenclature (CDT), a national uniform coding method for dental procedures maintained by the American Dental Association.

6. Federally-Deemed Critical Access Hospital. Hospitals that meet the federal definition found in section 1820(c)(2)(B) of the Social Security Act.

7. HCPCS. The national uniform coding method maintained by the Centers for Medicare and Medicaid Services (CMS) that incorporates the American Medical Association (AMA) Physicians CPT and the three HCPCS unique coding levels, I, II, and III.

8. Medicare Inpatient Prospective Payment System (IPPS) wage index. The wage area index values are calculated annually by Medicare, published as part of the Medicare IPPS Final Rule.

9. Missouri conversion factor. The single, statewide conversion factor used by the MO HealthNet Division (MHD) to determine the APC-based fees, uses a formula based on Medicare OPPS. The formula consists of: sixty percent (60%) of the APC conversion factor, as defined in (5)(A)2. multiplied by the St. Louis, MO Medicare IPPS wage index value, plus the remaining forty percent (40%) of the APC conversion factor, with no wage index adjustment.

10. Nominal charge provider. A nominal charge provider is determined from the fourth prior year audited Medicaid cost report. The hospital must meet the following criteria:

A. A public non-state governmental acute care hospital with a low income utilization rate (LIUR) of at least fifty percent (50%) and a Medicaid inpatient utilization rate (MIUR) greater than one standard deviation from the mean, and is licensed for fifty (50) inpatient beds or more and has an occupancy rate of at least forty percent (40%). The hospital must meet one (1) of the federally mandated Disproportionate Share qualifications; or

B. The hospital is a public hospital operated by the Department of Mental Health primarily for the care and treatment of mental disorders; and

C. A hospital physically located in the State of Missouri

11. Outpatient Prospective Payment System (OPPS). Medicare's hospital outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 (BBRA) and the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act (BIPA) of 2000.

12. Payment level adjustment. The percentage applied to the Medicare fee to derive the OSFS fee.

(B) Effective for dates of service beginning July 1, 2021, outpatient hospital services shall be reimbursed on a predetermined fee-for-service basis using an OSFS based on the APC groups and fees under the Medicare Hospital OPSS. When service coverage and payment policy differences exist between Medicare

OPPS and Medicaid, MHD policies and fee schedules are used. The fee schedule will be updated as follows:

1. MHD will review and adjust the OSFS annually on July 1st based on the payment method described in subsection (5)(D).

2. The OSFS is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, March 24, 2021. This rule does not incorporate any subsequent amendments or additions.

(C) Payment will be the lower of the provider's charge or the payment as calculated in subsection (5)(D).

(D) Fee schedule methodology. Fees for outpatient hospital services covered by the MO HealthNet program are determined by the HCPCS procedure code at the line level and the following hierarchy:

1. The APC relative weight or payment rate assigned to the procedure in the Medicare OPPS Addendum B is used to calculate the fee for the service, with the exception of the hospital observation per hour fee which is calculated based on the method described in subsection (5)(D)1.B. Fees derived from APC weights and payment rates are established using the Medicare OPPS Addendum B effective as of January 1 of each year as published by the CMS for Medicare OPPS. The Medicare OPPS Addendum B is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, December 29, 2020. This rule does not incorporate any subsequent amendments or additions.

A. The fee is calculated using the APC relative weight multiplied by the Missouri conversion factor. The resulting amount is then multiplied by the payment level adjustment of ninety percent (90%) to derive the OSFS fee.

B. The hourly fee for observation is calculated based on the relative weight for the Medicare APC (using the Medicare OPPS Addendum A effective as of January 1 of each year as published by the CMS for Medicare OPPS) which corresponds with comprehensive observation services multiplied by the Missouri conversion factor divided by forty (40), the maximum payable hours by Medicare. The resulting amount is then multiplied by the payment level adjustment of ninety percent (90%) to derive the OSFS fee. The Medicare OPPS Addendum A is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, July 6, 2021. This rule does not incorporate any subsequent amendments or additions.

C. For those APCs with no assigned relative weight, ninety percent (90%) of the Medicare APC payment rate is used as the fee.

2. If there is no APC relative weight or APC payment rate established for a particular service in the Medicare OPPS Addendum B, then the MHD approved fee will be ninety percent (90%) of the rate listed on other Medicare fee schedules, effective as of January 1 of each year: Clinical Laboratory Fee Schedule; Physician Fee Schedule; and Durable Medical Equipment Prosthetics/Orthotics and Supplies Fee Schedule, applicable to the outpatient hospital service.

A. The Medicare Clinical Laboratory Fee Schedule is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, March 12, 2021. This rule does not incorporate any subsequent amendments or additions.

B. The Medicare Physician Fee Schedule is incorporated

by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, January 4, 2021. This rule does not incorporate any subsequent amendments or additions.

C. The Medicare Durable Medical Equipment Prosthetics/Orthotics and Supplies Fee Schedule is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, December 2, 2020. This rule does not incorporate any subsequent amendments or additions.

3. Fees for dental procedure codes in the outpatient hospital setting are calculated based on thirty-eight and one-half percent (38.5%) of the 50th percentile fee for Missouri reflected in the 2021 National Dental Advisory Service (NDAS). The 2021 NDAS is incorporated by reference and made a part of this rule as published by Wasserman Medical & Dental at its website at <https://wasserman-medical.com/product-category/dental/ndas/>, and available at the MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65102, April 20, 2021. This rule does not incorporate any subsequent amendments or additions.

4. If there is no APC relative weight, APC payment rate, other Medicare fee schedule rate, or NDAS rate established for a covered outpatient hospital service, then a MO HealthNet fee will be determined using the MHD Dental, Medical, Other Medical or Independent Lab – Technical Component fee schedules.

A. The MHD Dental Fee Schedule is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, April 22, 2021. This rule does not incorporate any subsequent amendments or additions.

B. The MHD Medical Fee Schedule is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, April 12, 2021. This rule does not incorporate any subsequent amendments or additions.

C. The MHD Other Medical Fee Schedule is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, April 22, 2021. This rule does not incorporate any subsequent amendments or additions.

D. The MHD Independent Lab—Technical Component Fee Schedule is incorporated by reference and made a part of this rule as published by the Department of Social Services, MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65109, at its website at <https://dssruletracker.mo.gov/dss-proposed-rules/welcome.action>, April 12, 2021. This rule does not incorporate any subsequent amendments or additions.

5. In-state federally-deemed critical access hospitals will receive an additional forty percent (40%) of the rate as determined in (5)(B)2 for each billed procedure code.

6. Nominal charge providers will receive an additional twenty-five percent (25%) of the rate as determined in (5)(B)2 for each billed procedure code.

(E) Packaged services. MHD adopts Medicare guidelines for procedure codes identified as “Items and Services Packaged into APC Rates” under Medicare OPPS Addendum D1. These procedures are designated as always packaged. Claim lines with packaged procedure codes will be considered paid but with a payment

of zero. The Medicare OPPS Addendum D1 is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dss-ruletracker.mo.gov/dss-proposed-rules/welcome.action>, December 29, 2020. This rule does not incorporate any subsequent amendments or additions.

(F) Inpatient only services. MHD adopts Medicare guidelines for procedure codes identified as “Inpatient Procedures” under Medicare OPPS Addendum D1. These procedures are designated as inpatient only (referred to as the inpatient only (IPO) list). Claim lines with inpatient only procedures will not be paid under the OSFS. The Medicare OPPS Addendum D1 is incorporated by reference and made a part of this rule as published by the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, MD 21244, and available at <https://dss-ruletracker.mo.gov/dss-proposed-rules/welcome.action>, December 29, 2020. This rule does not incorporate any subsequent amendments or additions.

(G) Drugs. Effective for dates of service beginning April 1, 2019, outpatient drugs are reimbursed in accordance with the methodology described in 13 CSR 70-20.070.

(H) Payment for outpatient hospital services under this rule will be final, with no cost settlement.

IV. ASSUMPTIONS

This fiscal note reflects the annual estimated impact based on a hospital-by-hospital analysis of the change in reimbursement for hospital outpatient services. The impact represents an estimate of payment using an APC-based fee schedule as the basis compared to the current reimbursement methodology. This fiscal impact includes the impact to both in-state and out-of-state hospitals.

The initial simulation/savings analysis represents an estimate of payment using an APC-based fee schedule. This should not be construed as a forecast or projection of savings. A number of factors need to be considered when looking at the simulated payment results and making decisions in regard to payment levels for the first year of implementation. For example,

- **Crosswalks:** MO HealthNet crosswalks emergency room/clinic visits to state-specific procedure codes. This practice does not provide the detail needed to determine the level of complexity for a given encounter. The level of complexity drives the fee to a lower or higher payment level.
- **Reporting only surgical procedures:** MHD requires hospitals to report surgery procedure codes on their outpatient claims with a zero billed amount. These surgery procedure code lines are considered informational only and not for payment. Hospitals submit revenue codes for their facility and supply charges related to the surgery procedure code reported on the claim. Hospitals are paid for these facility and supply charges. The facility and supply revenue codes submitted on the claim are cross-walked to state-specific procedure codes. Therefore, in simulating payment, we were not able to identify the line-level charges for the surgery and tie them to the simulated payment. In addition, there is no way to validate how many surgeries were not billed as reporting-only lines.
- **90% of Medicare and packaging:** The simulation was set at 90% of the Medicare fees but does not include Medicare's bundling logic.
- **Coding contingency factor:** We expect that the transition from payment based on a percent of charges to a fee schedule will result in more detailed procedure and line-level claims data. The new payment method and billing requirements will be driven now based on the Current Procedural Terminology (CPT)/Healthcare Common Procedure Coding System (HCPCS) detail. MHD will have a better idea of what outpatient hospital services are purchased.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

**Title 8—DEPARTMENT OF LABOR AND
INDUSTRIAL RELATIONS
Division 10—Division of Employment Security
Chapter 3—Unemployment Insurance**

PROPOSED RULE

8 CSR 10-3.160 Waiver of Recovery of Overpayments Under the Coronavirus Aid, Relief and Economic Security Act (CARES), as Amended

PURPOSE: This rule prescribes criteria for waiver of recovery of overpaid unemployment benefits under the CARES Act, as amended, that were not obtained through fraud. The intent of this rule is to allow those individuals with non-fraud overpayments under the federal coronavirus relief programs to request a waiver of recovery of overpayments and to set forth the criteria under which those requests will be evaluated. Such waivers are authorized by the federal coronavirus relief programs. See, e.g., CARES Act, Sections 2104(f), 2107(e); Continued Assistance for Unemployed Workers Act, Section 201.

(1) Any person who is overpaid unemployment benefits under the CARES Act, as amended, is liable for the amount overpaid unless, based upon an application to the division in a format prescribed by the division, the division determines that the claimant is entitled to a waiver of recovery of the overpayment, based on the following criteria:

(A) The overpayment was received without fault of the claimant; and

(B) The recovery of the overpayment would be against equity and good conscience.

(2) The application for waiver must be received by the division with-

in thirty (30) calendar days after the mailing or other transmission to the individual of the notice of the overpayment, or of the notice of opportunity to apply for a waiver.

(3) Fault of the Claimant.

(A) In determining fault, the division shall consider the nature and cause of the overpayment.

(B) A claimant who receives or retains benefits which he or she knew or reasonably should have known he or she was not lawfully entitled to receive is at fault.

(C) Fault shall include, but not be limited to, the following:

1. Fraud or misrepresentation regarding the claim (a representation of fact, in relation to the claim, that the claimant knew or should have known was false);

2. Failure to disclose (failing to disclose a fact, in connection with the claim, that the claimant knew or should have known was significant to the claim); and

3. Negligence (failing to exercise the care that a reasonable person of ordinary prudence would exercise in submitting the claim).

(D) What an individual should have known is determined from the perspective of a reasonable person of ordinary prudence in the same or similar circumstances. However, the division may consider an individual's age and physical or mental condition as mitigating factors against finding fault.

(4) Equity and Good Conscience.

(A) In determining whether repayment would be against equity and good conscience, the division will consider the totality of the circumstances to include, but not limited to:

1. Detrimental Reliance. Whether the individual acted in reliance on the overpayment and gave up a valuable right because of the overpayment or changed his or her position for the worse because of the overpayment.

A. An individual gives up a valuable right when he or she gives up a valuable privilege, claim, entitlement, or benefit having monetary worth because of the overpayment; or

B. An individual has changed his or her position for the worse when he or she, in reasonable reliance on the overpayment, decides to do something that he or she otherwise would not have done. To establish a change in position for the worse, the individual must demonstrate a change in actions or behavior, not simply that the overpayment had been spent;

2. Undue Hardship. Whether circumstances exist, including health problems or disability of the claimant or a family member, in which collection would deprive the individual or household of basic necessities.

(5) Waiver of recovery of indebtedness is an equitable remedy and, as such, must be based on an assessment of the facts involved in the individual case under consideration.

(6) The burden is on the individual to demonstrate that waiver of recovery is appropriate.

(7) The division shall notify the claimant of its decision on the waiver request in writing by mail or other transmission.

(8) The claimant may appeal the division's decision on the waiver request by filing an appeal with the Appeals Tribunal within thirty (30) calendar days after mailing or other transmission of the division's decision to the individual. The provisions of sections 288.200 and 288.210, RSMo apply to further appeals.

AUTHORITY: sections 288.070 and 288.220.5, RSMo 2016, and section 288.040, RSMo Supp. 2020. Emergency rule filed July 2, 2021, effective July 19, 2021, expires Feb. 24, 2022. Original rule filed July 2, 2021.

PUBLIC COST: This proposed rule will cost state agencies or political subdivisions one million seven hundred seventy-eight thousand two hundred fifty-two dollars (\$1,778,252) in the aggregate. Full federal reimbursement is expected.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Division of Employment Security, Attn: Spencer Clark, Acting Director, PO Box 59, Jefferson City, MO 65104-0059. To be considered, comments must be received within thirty (30) days after publication of this notice in the **Missouri Register**. No public hearing is scheduled.*

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 6—Air Quality Standards, Definitions, Sampling
and Reference Methods and Air Pollution Control
Regulations for the Entire State of Missouri

PROPOSED RESCISSION

10 CSR 10-6.300 Conformity of General Federal Actions to State Implementation Plans. This rule implemented section 176(c) of the Clean Air Act, as amended (42 U.S.C. 7506(c)), and regulations located in 40 CFR 93, subpart B, that directed states to include in their State Implementation Plans (SIPs) provisions requiring general conformity of federal actions to the applicable implementation plan.

PURPOSE: The purpose of this rulemaking is to rescind an unnecessary rule. Previously this rule implemented section 176(c) of the Clean Air Act, as amended (42 U.S.C. 7506(c)), and regulations located in 40 CFR 93, subpart B, that directed states to include in their State Implementation Plans (SIPs) provisions requiring general conformity of federal actions to the applicable implementation plan. In 2005, however, Congress passed the “Safe, Flexible, Efficient Transportation Equity Act: A Legacy for Users” (SAFETEA-LU). Section 601l of SAFETEA-LU amended section 176(c) of the Clean Air Act to remove the requirement for states to adopt a general conformity SIP. In turn, EPA amended the federal general conformity rule at 40 CFR 51, Subpart W, to make state adoption of a general conformity SIP optional rather than mandatory (75 FR 17258). Regardless of any provisions in state rules or SIPs, federal regulations require general conformity of federal actions. Now that federal law no longer requires a duplicative state rule for the SIP, this rule merely duplicates federal regulations and is unnecessary. Pursuant to section 536.016, RSMo, the evidence supporting the need for this proposed rulemaking is section 536.175, RSMo, Executive Order 17-03, section 176(c) of the CAA, and 75 FR 17258.

AUTHORITY: section 643.050, RSMo 2016. Original rule filed Oct. 4, 1994, effective May 28, 1995. For intervening history, please consult the *Code of State Regulations*. Rescinded: Filed July 9, 2021.

PUBLIC COST: This proposed rescission will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rescission will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed rescission will begin at 9:00 a.m., September 30, 2021. The public hearing will be held at the Elm Street Conference Center, 1730 East Elm Street, Lower Level, Bennett Springs Conference Room, Jefferson City, Missouri, and online with live video conferencing during the Missouri Air Conservation Commission meeting. Meeting participants can join the video meeting by signing into Webex at www.webex.com and joining the meeting using the meeting number (access code): 1334037216, and password: MACC. Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—MO HealthNet Division
Chapter 50—Hospice Services Program

PROPOSED AMENDMENT

13 CSR 70-50.010 Hospice Services Program. The division is amending the purpose statement and sections (1) and (10).

PURPOSE: This proposed amendment updates the publication information of the *MO HealthNet Hospice Manual*, and increases the document retention period to six (6) years.

PURPOSE: This rule establishes the [regulatory basis for administration of a medical assistance program of hospice care as mandated by House Bill 1139, 84th General Assembly, section 208.152, RSMo. **Title 16—RETIREMENT SYSTEMS
Division 20—Missouri Local Government Employees'
Retirement System (LAGERS)
Chapter 4—Actuarial Assumptions**

PROPOSED AMENDMENT

16 CSR 20-4.010 Actuarial Assumptions. The Retirement System is amending the rule by updating the actuarial assumptions stated in sections (1)–(5), updating Table 1, moving and amending Table 2 to Table 3, and adding a new Table 2.

PURPOSE: This proposed amendment updates the actuarial assumptions used by the Retirement System.

(1) **Beginning with the Retirement System's July 2021-June 2022 fiscal year,** [T]he investment return rate used in making the valuations is seven [and twenty-five hundredths] percent (7.[25/00]%) per year, compounded annually. This rate of return is not the assumed real rate of return. The real rate of return is the rate of investment return in excess of the wage inflation rate. Considering other financial assumptions, the seven [and twenty-five hundredths] percent (7.[25/00]%) investment return rate translates to an assumed real rate of return of four and twenty-five hundredths percent (4.[00/25]%). [Adopted 2016.]

(2) **Beginning with the Retirement System's July 2021-June 2022 fiscal year,** [T]he mortality table used in evaluating allowances to be paid is [RP-2014 Healthy Annuitant Table (adjusted backward to 2006) with base year of 2017 for males and 2006 for females] PubG-2010 Retiree Mortality Tables, increased by fifteen percent (15%). Future mortality improvements are assumed each year based on the two- (2-) dimensional sex-distinct mortality improvement scale MP-[2015/2020]. [Adopted 2016.]

(3) **Beginning with the Retirement System's July 2021-June 2022 fiscal year,** [T]he probabilities of general members' retirement with an age and service allowance are shown in Table 1, included herein and the probabilities of firefighters, police officers and public safety personnel (as defined in section 70.631 RSMo.) members' retirement with an age and service allowance are shown in Table 2, included herein. [Adopted 2016.]

(4) **Beginning with the Retirement System's July 2021-June 2022 fiscal year,** [T]he probabilities of withdrawal from service together with individual pay increase assumptions are shown in Table [2] 3, included herein. [Adopted 2016.]

(5) **Beginning with the Retirement System's July 2021-June 2022 fiscal year,** [T]total active member payroll is assumed to increase [three and twenty-five] two and seventy-five hundredths percent (3.25/2.75%) per year, which is the portion of the individual pay

increase assumptions attributable to inflation. In effect, this assumes no change in the number of active members per employer. *[Adopted 2016.]*

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Political subdivisions participating in the retirement system pursuant to section 70.600-70.755, RSMo.	<p>This proposed rule will not cost state agencies more than five hundred dollars (\$500) in the aggregate.</p> <p>This proposed rule may result in a cost in excess of \$500 to some political subdivisions that participate in the system pursuant to section 70.600-70.755, RSMo. An aggregate estimated cost is indeterminable.</p>

III. WORKSHEET

IV. ASSUMPTIONS

It is assumed that all political subdivisions participating the retirement system remit contributions to the system pursuant to 70.730 RSMo.

It is further assumed that pursuant to 70.730 RSMo, employer contribution rates are recalculated annually based upon financial assumptions adopted by the LAGERS board and the economic and demographic experience of each employer as evaluated by LAGERS' actuary.

It is assumed there are a variety of compounding factors relating to the annual recalculation of employer contribution rates that can produce any number of fiscal impacts to an employer in a valuation cycle.

It is assumed that while *ceteris paribus* the proposed assumptions are expected to produce very slight upward pressure on most employer contribution rates, the proposed assumptions are not the exclusive factors in the calculation of annual cost, and further because experience and subsequently cost is unique to each of the over eight-hundred political subdivision in the system, the estimated aggregate impact is not determinable. Assuming no changes to numerous other factors used to calculate each political subdivision's unique employer contributions rate, the proposed rule may result in no cost, or even a savings, to some political subdivisions in the annual recalculation of each subdivision's contribution rate, while other subdivisions, especially those with larger numbers of employees, may see an increase in excess of \$500 to that subdivision's contribution rate as a result of the proposed rule.

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

The agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety-(90-) day period during which an agency shall file its Order of Rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the Proposed Rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.
